Your account should be up and running at this stage, and you should be able to experience all that facebook has to offer.

# Personalize your Facebook account

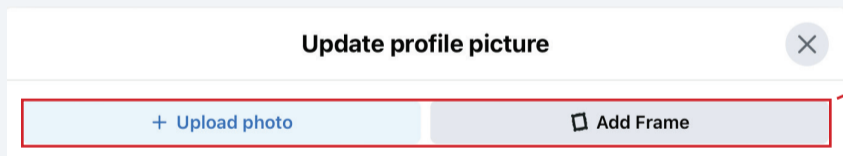

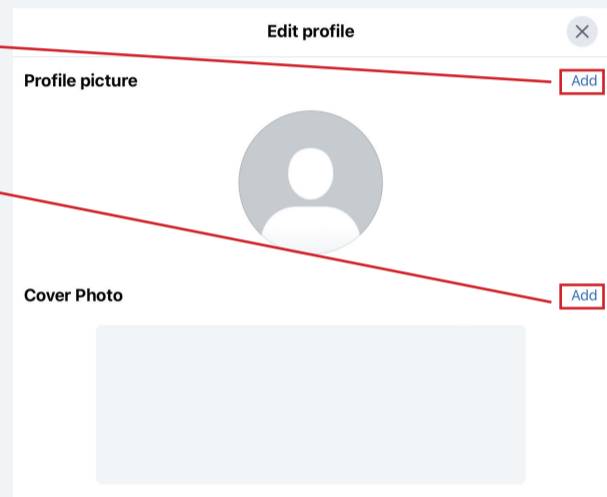

Click on the profile icon on the far left to access your profile.

Then press the edit profile button to begin changing your profile.

Adding a profile picture and cover photo are very simple.

Press the add buttons on the right side of the pop up window

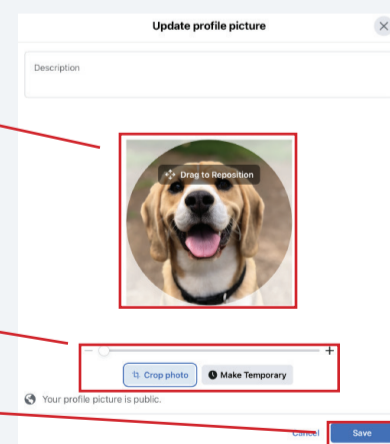

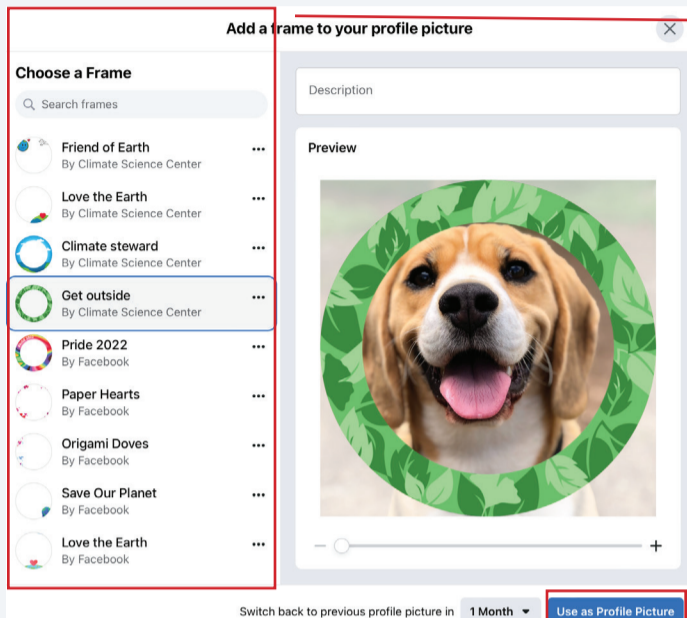

In this pop up window you can either chose to upload a photo or a frame that goes around your profile picture.

Upload any image that you have saved on your device, you can chose to reposition the image just by holding down on the image and moving your mouse cursor.

You can also chose to crop, make temporary, or zoom into the image.

After you made your choices click on the save button.

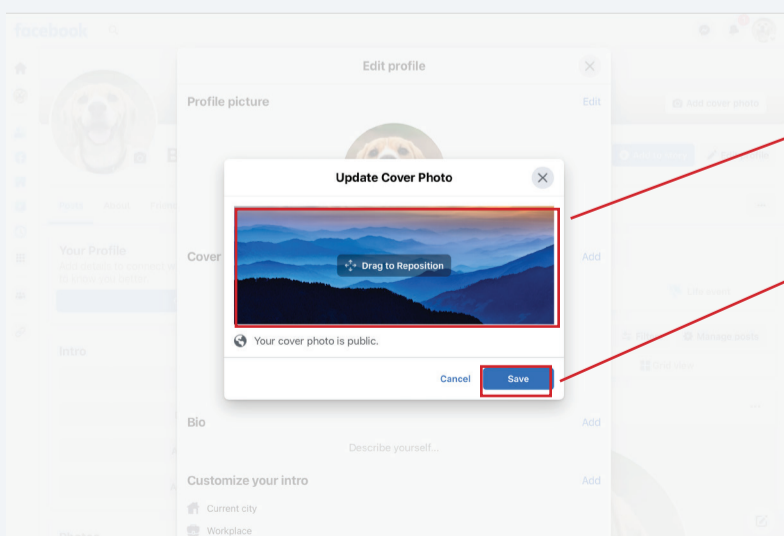

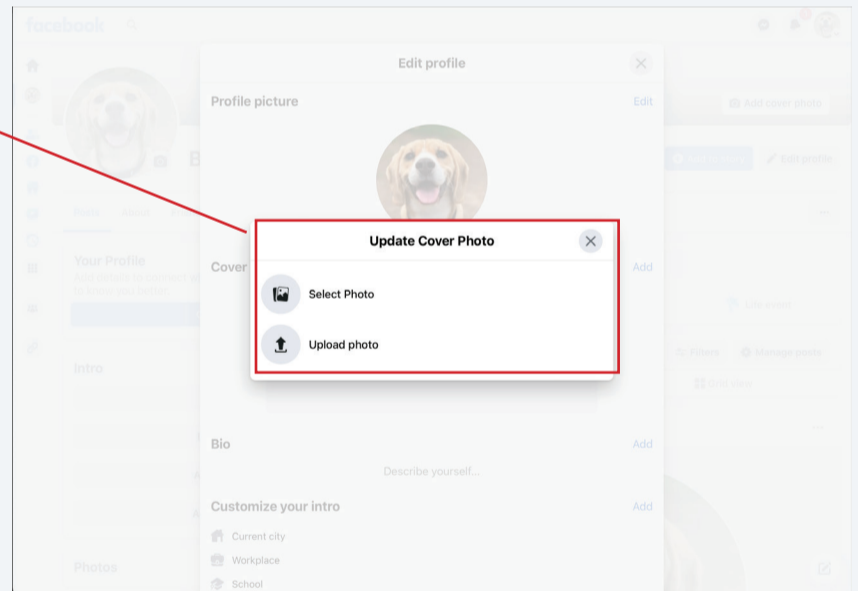

Adding a frame is very easy, chose from one of the many frames on the left side.

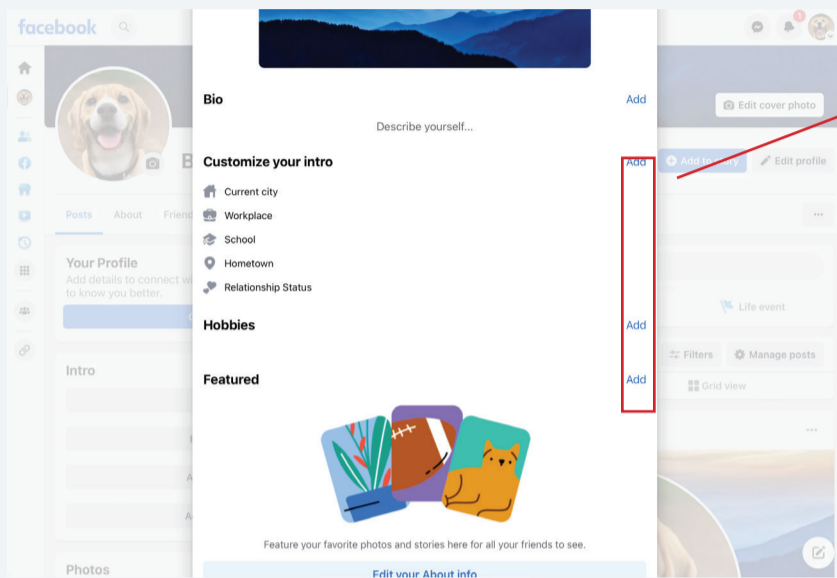

After you're done press on the Use as Profile Picture.

uploading a cover photo is pretty easy, you can either select a photo or you can upload one.

After you have selected an image you can reposition the image, after you're happy with it you can save the image by pressing the save button.

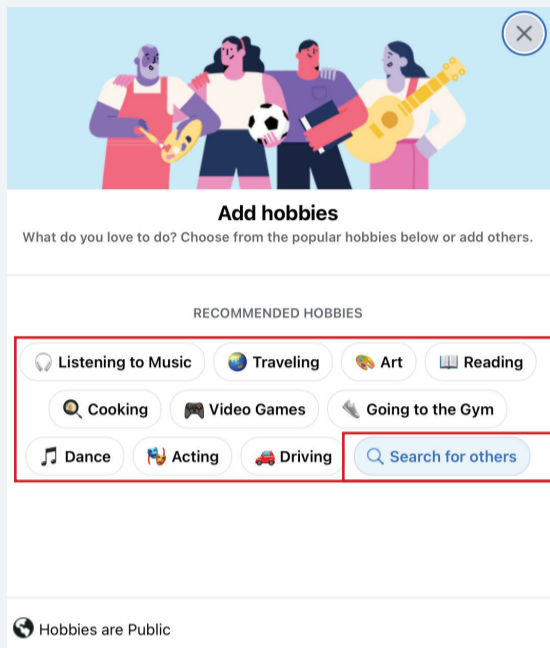

You can now add a bio, or customize your personal info, show off your hobbies and even feature your favorite photos, and images.

You can add a short bio describing yourself, after you're done press the save button.

You can also add details, such as your education, where you work, your current city, hometown, and your relationship status.

You can also add social links to a featured website, or to your other socials.

When you're done press the save button.

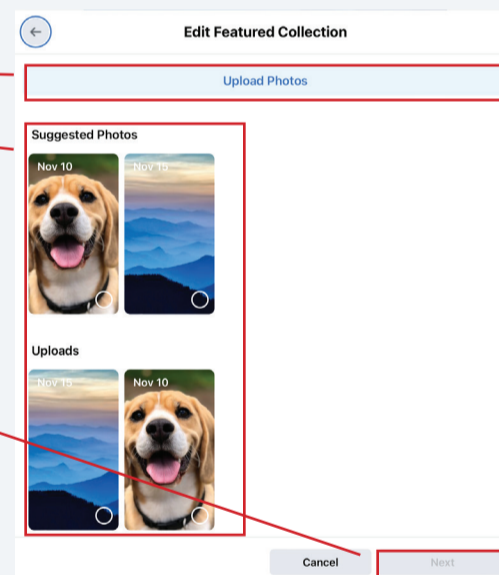

Add hobbies to your profile, things that you're interested in, there are recommended hobbies, that seem to be popular among other Facebook users.

If you're looking for a hobby not in the recommended section you can always search for other hobbies.

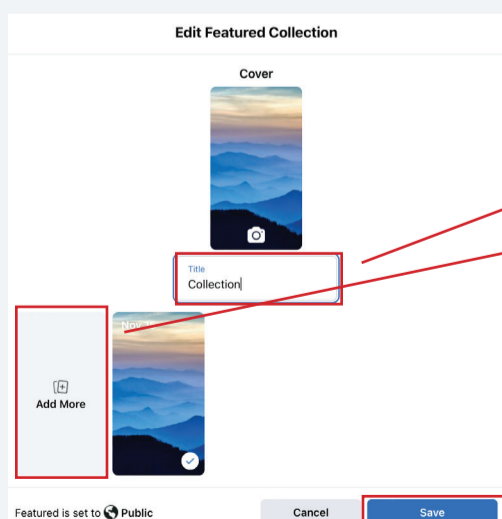

You can choose a featured image to display from images that you have already uploaded, Facebook suggests several images or you can choose from all of your images.

After that you have chosen an image or images press next.

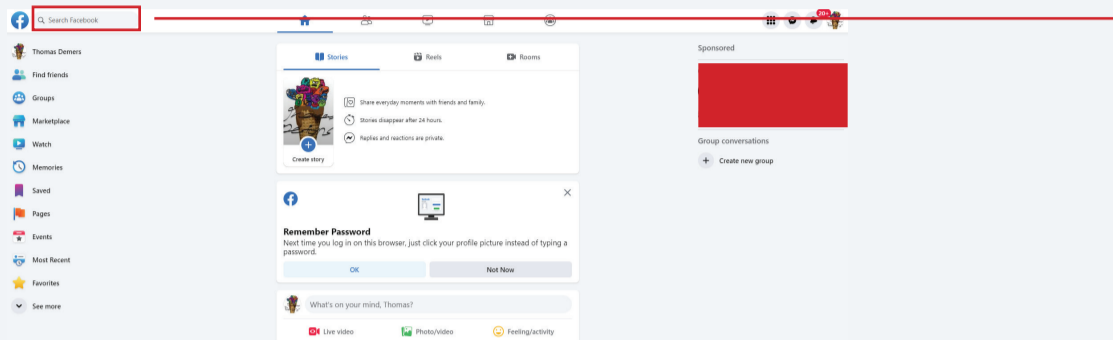

Add a title to this collection of featured images or image.

If you forgot an image you can add it in this window after you're done press the save button.

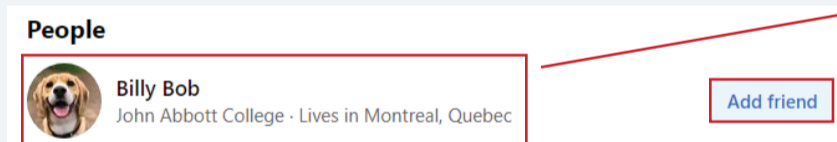

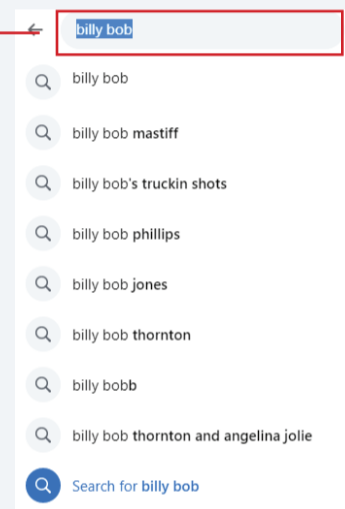

# Adding a Friend

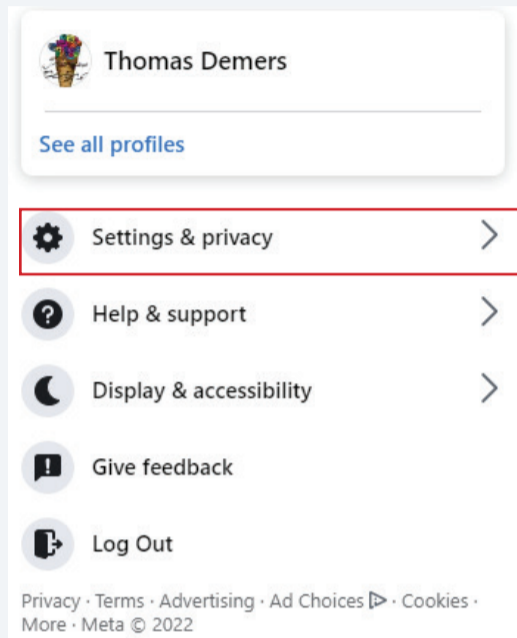

Adding friends on Facebook is extremely easy, The first step is locating the search bar on the top right of the screen.

The next step is putting in your friends name, their are hundreds of facebook users so make sure you spell their name right.

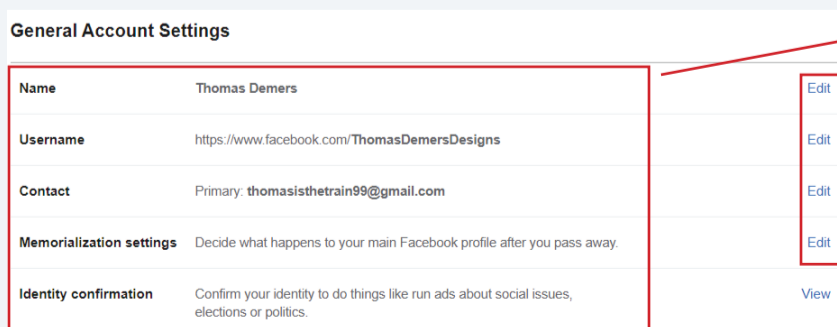

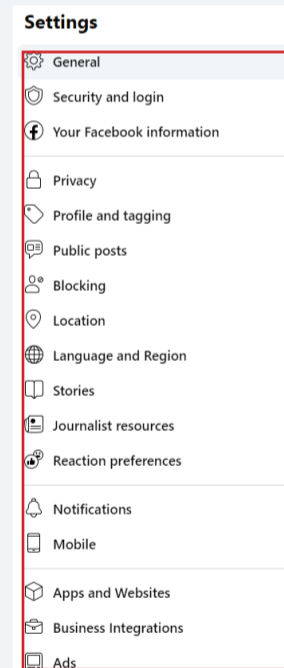

When you find your friend press the add friend button and it should send them a friend request, you need to wait for them to accept your friend request before you can start communicating.

# Privacy and settings

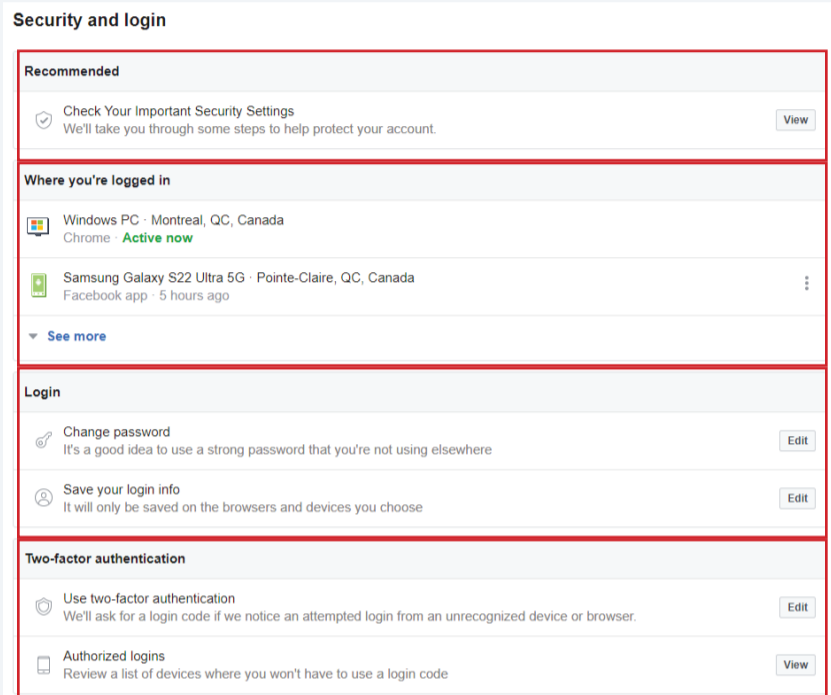

Navigate to the right side of your screen and press on your profile picture to pull up a pull down menu. In the pull down menu there will be a settings and privacy section.

You can find all your settings on the left hand side of your screen you can change everything from your general settings to how you would get notifications.

In general settings you can change your name, username, and contact info. You can even change your memorialization settings and Identity confirmation.

You can change all of these by pressing the edit buttons.

For the recommended section you can press the view button to go through a few simple steps to protect your facebook account.

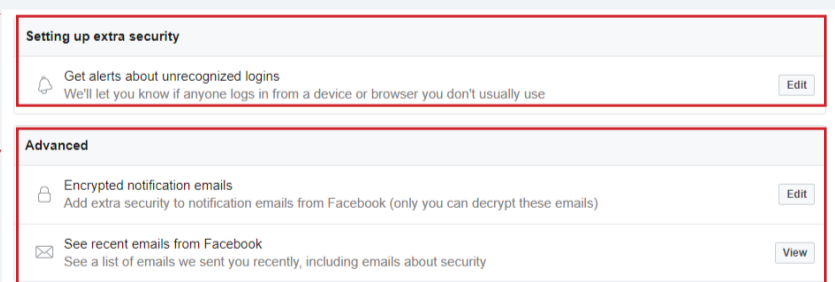

In the where you're logged in section, this part will let you know where you're logged in currently and on which device and when you were last logged into that device, and you can check if your facebook account has been logged into by any other devices.

In the login section you can change your password and save your login info.

In the two factor authentication section you can set up two factor authentication to add an extra layer of protection to your facebook account.

In the extra security section you can set up getting alerts about unrecognized logins for some extra protection.

In the advanced section you can encrypt notification emails and see recent emails from Facebook.
